City of Englewood, Colorado

January 2014 Financial Report

The annual budget serves as the foundation for the City’s financial planning and control, and provides a comprehensive plan to provide high quality services to the Englewood community. Based upon conservative revenue estimates, the budget quantifies in dollars the many services and amenities the citizens of Englewood receive. The City has prepared a balanced budget and it is one where revenues plus beginning fund balance are equal to or exceed expenditures.

The monthly financial report provides on a periodic basis the review of the actual revenues and expenditures as compared to the budget. This point in time analysis compares the current year to the prior year and determines if the revenues and expenditures are on track with the budget. By monitoring the financial condition of the City, City staff and Council can work together to take action, if necessary, to maintain service levels, employees, and fiscal health of the City.

GENERAL FUND OVERVIEW AND ANALYSIS

The General Fund accounts for the major “governmental” activities of the City. These activities include “direct” services to the public such as police, fire, public works, parks and recreation, and library services. General government also provides administrative and oversight services through the offices of city manager and city attorney; the departments of information technology, finance and administrative services, community development, human resources, municipal court and legislation. Debt service, lease payments, and other contractual payments are also commitments of the General Fund.

General Fund - Surplus and Deficit

The graph below depicts the history of sources and uses of funds from 2009 to 2014 Budget. As illustrated, both surpluses and deficits have occurred in the past. The gap has narrowed over the past few years by reducing expenditures, freezing positions, negotiating lower-cost health benefits, increased revenue collections. Continued efforts will be required to balance revenues and expenditures, especially with persistent upward pressure on expenditures due to increases in the cost of energy, wages and benefits.

The table on the next page summarizes General Fund Year-To-Date (YTD) Revenue, Expenditure, Sales & Use Tax Revenue and Outside City Sales & Use Tax Revenue for the month ended January, 2014. Comparative figures for years 2013 and 2012 are presented as well. The table also highlights the dollar and percentage changes between those periods.

General Fund Revenues

The City of Englewood's total budgeted revenue is \$39,670,112. Total revenue collected through January 2014 was \$4,242,329 or \$460,840 (12.2 percent) more than was collected in 2013. The chart below illustrates changes in General Fund revenues this year as compared to last year.

2014 Year-To-Date Change in General Fund Revenue as Compared to Prior Year

General Fund - Taxes

The General Fund obtains most of its revenue from taxes. In 2013 total unaudited revenues were \$40,832,939 of which \$29,904,727 (73.2 percent) came from tax collections. Taxes include property, sales and use, specific ownership, cigarette, utilities, franchise fees, and hotel/motel. The pie charts on the next page illustrate the contribution of taxes to total revenue for 2009, 2013 unaudited and 2014 Budget. Taxes as a percentage of total revenue have declined slightly as other fees and charges have been increased to help offset rising costs and relatively flat tax revenues.

General Fund Revenues - Taxes vs. Other

Property taxes: These taxes are collected based on the assessed value of all the properties in the City and the mill levy assessed against the property. The City's total 2012 mill levy collected in 2013 is 8.124 mills. The 2013 mill levy for general operations collected in 2014 is 5.880 mills. Voters approved a separate, dedicated mill levy for principal and interest payments on the City's general obligation debt for the construction of parks and recreation projects. The dedicated general obligation debt mill levy is accounted

Property Tax Mill Levy	2009	2010	2011	2012	2013	2014 Budget	2014 Estimate
General Fund	5.880	5.880	5.880	5.880	5.880	5.880	5.880
Debt Service Fund	1.947	2.031	2.130	1.741	1.914	2.244	2.244
Total Mill Levy	7.827	7.911	8.010	7.621	7.794	8.124	8.124

for in the Debt Service Fund. The dedicated general obligation debt mill levy dedicated for the City's general obligation debt collected in 2012 is 2.244 mills. Property tax collections declined from \$2,971,303 in 2009 to \$2,900,715 in 2013. This was a decrease of \$70,588 or 2.4 percent. In 2013 the City collected \$2,900,715 or 9.7 percent of 2013 total taxes and 7.1 percent of total revenues from property taxes. The City budgeted \$2,898,000 for 2014; and did not collect any property taxes (normal collection pattern) through January 2014. The estimate for the year is \$2,898,000.

Specific ownership: These taxes are based on the age and type of motor vehicles, wheeled trailers, semi-trailers, etc. These taxes are collected by the County Treasurer and remitted to the City on the fifteenth day of the following month. The City collected \$276,414 in 2009 and \$266,881 in

2013 which is a decrease of \$9,533 or 3.5 percent. The City collected \$266,881 in 2013 which is less than one percent of total revenues and total taxes. The City budgeted \$230,000 for 2014 and collected no revenue (normal collection pattern) through January 2014. The estimate for the year is \$230,000.

Cigarette Taxes: The State of Colorado levies a \$.20 per pack tax on cigarettes. The State distributes 46 percent of the gross tax to cities and towns based on the pro rata share of state sales tax collections in the previous year. These taxes have fallen

significantly in the past and continue to fall after the 2009 federal tax increase of approximately \$.62 per pack went into effect. This federal tax increase will fund the State Children’s Health Insurance Program (SCHIP). In 2009 the City collected \$218,449, but in 2013 the City collected \$195,088, which is a decrease of \$23,361 or 10.7 percent. These taxes accounted for less than one percent of total taxes and less than one percent of total revenues in 2013. The City budgeted \$179,000 for the year and collected \$16,381 through January 2014, which is \$1,816 or 10 percent less than the \$18,197 collected through January 2014. The estimate for the year is \$179,000.

Franchise Fees: The City collects a number of taxes on various utilities. This includes franchise tax on water, sewer, and public services, as well as occupational tax on telephone services. The City collected \$2,452,611 in 2009 and \$3,096,229 in 2013, an increase of

\$643,618 or 26.2 percent. These taxes accounted for 10.3 percent of taxes and 7.6 percent of total revenues in 2013. The City budgeted \$3,069,500 for the year; collections through January totaled \$110,829 compared to \$105,108 collected during the same period last year. The estimate for the year is \$3,069,500.

Hotel/Motel Tax: This tax is levied at two percent of the rental fee or price of lodging for under 30 days duration. The City budgeted \$10,000 for the year and has collected \$1,273 through January 2014. The estimate for the year is \$10,000.

Sales and Use Taxes Analysis

Sales and use taxes are the most important (and volatile) revenue sources for the City. Sales and use taxes generated 78.4 percent of all taxes and 57.4 percent of total revenues collected in 2012. In 2009, this tax generated \$20,624,659 for the City of Englewood; in 2013 the City collected \$23,433,775, an increase of \$2,809,116 (13.6 percent). This tax is levied on the sale price of taxable goods. Sales tax is calculated by multiplying the sales price of taxable goods times the sales tax rate of 3.5 percent. Vendors no longer receive a fee for collecting and remitting their sales/use taxes. Taxes for the current month are due to the City by the twentieth day of the following month. The City

budgeted \$22,883,003 for 2014. Sales and Use Tax revenue (cash basis) through January 2014 was \$3,051,621 while revenue year-to-date for January 2013 was \$2,838,490, an increase of \$213,131 or 7.5 percent.

Collections (cash basis) for January 2014 were \$3,051,621 while collections for January 2013 and January 2012 were \$2,838,490 and \$2,755,537 respectively. January 2014 collections were 7.5 percent or \$213,131 more than January 2013 collections and \$213,131 or 10.7 percent more than December 2012 collections.

Based on the last five years of sales tax collection data, December contributes 12.67 percent of total year's sales tax collections; if this pattern holds this year, 87.33 percent is left to collect over the remainder of the year. Based on year-to-date collections, the City will collect an additional \$21,040,882 over the remainder of the year for a total of \$24,092,503. Collections through December were 107.5 percent of last December's collections. If this were applied to the entire year, the total collected would be \$25,193,325. The average of the two forecasts is \$24,642,914 (\$1,759,911 or 7.7 percent over the amount budgeted for the year). The estimate for the year remains at the amount originally budgeted until more information is collected and analyzed.

Outside City sales and use tax collections through January totaled \$1,287,042 equaling an increase of approximately \$59,549 from 2013 collections.

This revenue source tends to ebb and flow (often dramatically) with the economy, growing during economic expansions and contracting during downturns. The past three years of sales tax collections have been exceptionally erratic making it extremely difficult to make accurate short or long term forecasts. It is important to continually review and analyze sales and use tax data including trends in the various geographic areas of the City.

The next chart, “Change in Sales/Use Tax Collections by Area 2014 vs. 2013” provides for the month the annual sales and use tax increases and decreases in the various geographic areas. Economic conditions, judged by sales and use tax collections, appears to be a “mixed bag” with some geographic areas increasing and some decreasing compared to the same period last year.

Change in Sales/Use Tax Collections by Area 2014 vs 2013

Please note that the geographic map of the sales tax areas was changed within the first quarter of 2012, and hopefully makes more sense. Some of the areas will look skewed until more comparable data is available in 2013. EUR Area 9 & 10 and EUR Area 11 & 12 were incorporated into Areas 1, 2 and 6. Specific changes include:

- Area 1 east boundary will change at Bannock St/Englewood Pkwy east to Acoma St south to Jefferson Ave/Hampden Ave/US 285
- Split the address down the middle of the streets for Area 2 and Area 3: Bannock St and Sherman St
- Split the address down the middle of the streets for Area 3 and Area 4: Belleview Ave, Fox St and Logan St
- The north and south side of the street included in Area 1: Jefferson Avenue
- The north and south side of the street included in Area 2: Jefferson Ave/Hampden Ave/US 285

The bar graph below shows a comparison of monthly sales tax collections (cash basis) for 2008 through 2013.

2009-2014 YTD Sales/Use Tax Collections by Month - Cash Basis

The next chart illustrates sales tax collections (cash basis) by month and cumulative for the years presented. For the period presented, the bar graph depicts the change in collections for a month as compared to the prior year, while the cumulative line graph is based on the beginning period monthly change in sales and use tax collections as adjusted by each consecutive month change.

2009 - 2014 Monthly Change Sales and Use Tax Receipts

Sales tax collections are reported by various geographic areas as illustrated in the following pie charts. These illustrate the changing collection patterns for 2009 and 2013.

Geographic Sales Tax Collection Areas

A brief description and analysis of the significant geographic areas follows:

Area 1: This geographic area accounts for the sales tax collections from CityCenter Englewood. CityCenter Englewood had collections of \$355,874 year-to-date or .71 percent less than was collected during the same period last year.

Area 4: This geographic area’s collections are up 4.1 percent from last year.

Area 5: This area includes the remodeled King Soopers. Collections are 167.6 percent higher than last year (King Soopers was not open last year).

Area 6: This geographic area is up 11.2 percent from last year.

Area 7: This geographic area records the outside city sales tax collections (Outside City). Outside City has been the geographic area responsible for much of the sales tax growth (and decline) in past years. Outside City collections have increased .3 percent from the same period last year. The chart below illustrates this area’s contribution to total sales and use taxes (cash basis) as well as total revenues since 2009 for collections through the month of December. The importance of Outside City has declined as a percentage of sales and use tax collections but it continues to remain an important impact on the City’s General Fund as illustrated by the following:

	<u>2010</u>	<u>2011</u>	<u>2012</u>	<u>2013</u>	<u>2014</u>
Total Sales and Use Taxes	2,607,496	2,677,231	2,755,537	2,838,490	3,051,621
Outside City Collections	1,111,175	1,090,992	1,241,152	1,227,493	1,287,042
Percentage of Total	42.6%	40.8%	45.0%	43.2%	42.2%
Total General Fund Revenues	3,442,497	3,732,120	3,626,905	3,781,489	4,242,329
Outside City Collections	1,111,175	1,090,992	1,241,152	1,227,493	1,287,042
Percentage of Revenues	32.3%	29.2%	34.2%	32.5%	30.3%

The City records the proceeds of some returns from Outside City into an unearned revenue (liability) account. The criteria staff uses to decide if proceeds should be placed in the unearned account is if a reasonable probability exists for another municipality to claim the revenue. This account currently has a balance of \$1,150,000 to cover intercity claims. The City paid \$828 in refunds including intercity sales/use tax claims through January 2014 compared to \$4,333 through January 2013. At this time *potential* refunds total approximately \$1,500,000 for claims submitted to Englewood but not completed.

Area 8: This geographic area consists of collections from public utilities. Collections through January were nine percent more than last year. Weather conditions, energy usage conservation, and rising energy prices play an important role in revenue collections. Collections could increase or decrease if the remainder of the year is significantly hotter/colder than normal.

Area 13: This geographic area encompasses the Kent Place Development. Collections through January were \$34,733 compared to \$13,055 last. It is difficult to make comparison between 2014 and 2013 as not all the vendors were in operation in 2013.

Other Sales Tax Related Information

Finance and Administrative Services Department collected \$17,098 in sales and use tax audit revenues and general collections of balances on account through the month of January 2014, this compares to \$1,117 collected in 2013 and \$2,858 collected in 2012.

Of the 59 sales tax accounts reviewed in the various geographic areas, 36 (61 percent) showed improved collections and 23 (39 percent) showed reduced collections this year compared to the same period last year.

The Department issued 48 new sales tax licenses through January 2014; 43 and 38 were issued through January 2013 and 2012 respectively.

City records indicate that year-to-date seven businesses closed (six were outside the physical limits of Englewood) and 48 opened (39 of them were outside the physical limits of Englewood).

General Fund - Other Revenue

Other revenues (including McLellan rent) accounted for \$10,928,212 or 26.8 percent of the total revenues for 2013. The City budgeted \$10,400,609 for 2014.

The next page provides additional information on the significant revenue sources of the General Fund:

Licenses and Permits: This revenue category includes fees from business and building licenses and permits. This revenue source generated \$983,359 during 2013 or 2.5 percent of total revenue and 9.2 percent of total other revenue. This revenue source totaled \$588,328 in 2009 and increased to \$1,446,578 in 2013, a 145.9 percent increase. The City budgeted \$882,550 for 2014 and year-to-date collected \$182,041 or \$90,924 (99.8 percent) more than the \$91,117 collected through January 2014. The estimate for the year is \$882,550.

Intergovernmental Revenues: This revenue source includes state and federal shared revenues including payments in lieu of taxes. These revenues are budgeted at \$1,243,281 for 2014. This revenue source totaled \$1,319,282 in 2009 and the City collected \$1,431,191 in 2013, an 8.5 percent increase. The City collected \$99,435 through January 2014 this is \$94,189 more than the \$5,246 collected in the same period in 2013. The estimate for the year is \$1,243,281.

Charges for Services: This includes general government, public safety, fees for the administration of the utilities funds, court costs, highway and street and other charges. This revenue source is budgeted at \$3,340,803 for 2014. This revenue source totaled \$3,185,443 in 2009 and increased to \$3,463,237 in 2013, an 8.5 percent increase. Total collected year-to-date was \$252,088 or \$44,289 (14.9 percent) less than the \$296,377 collected year-to-date in 2013. The estimate for the year is \$3,340,803.

Recreation: This category of revenue includes the fees and charges collected from customers to participate in the various programs offered by the Parks and Recreation Department. This revenue source is budgeted at

\$2,594,232 for 2014. This revenue source totaled \$2,315,598 in 2009 and increased to \$2,420,443 in 2013, a 4.5 percent increase. Total collections through January 2014 were \$150,295 compared to \$158,541 collected in 2013. The estimate for the year is \$2,594,232.

Fines and Forfeitures: This revenue source includes court, library, and other fines. The 2014 budget for this source is \$1,368,450. This revenue source totaled \$1,639,678 in 2009 and decreased to \$1,317,707 in 2013, a 19.6 percent decrease. Total collected year-to-date was \$105,959 or \$14,410 (12 percent) less than the \$120,369 collected in the same time period last year. The estimate for the year is \$1,368,450.

Interest: This is the amount earned on the City's cash investments. The 2014 budget for this source is \$8,164. This revenue source totaled \$230,000 in 2009 and decreased to a loss of \$10,410 in 2013, a 104.5 percent decrease. The City earned \$33,736 through January 2014; while the City lost \$3,997 through January 2013. The estimate for the year is \$8,164.

Other: This source includes all revenues that do not fit in another revenue category. The 2014 budget for this source is \$324,300. This revenue source totaled \$635,982 in 2009 and decreased to \$285,932 in 2013, a 55 percent decrease. Total collected year-to-date is \$40,927 (34.1 percent) less than the \$62,121 collected last year during the same period. The estimate for the year is \$324,050.

Economic Incentives

The City of Englewood uses economic incentives to attract and maintain businesses. Businesses are the City's lifeblood, not only do they generate sales and property taxes but they provide employment and shopping opportunities for citizens.

Englewood Economic Development Incentives Granted

Business	Public Use of Incentive Funds
King Soopers (Federal and Belleview)	Storm sewer replacement, water line improvements, access modifications and electrical line undergrounding.
Oxford LCP	Construct sidewalk enhancements in the public right of way.
Flood Middle School	Relocate City Ditch and sanitary sewer line, upgrade water line and underground electrical lines.
Restaurant at Englewood Market Place	Landscaping, maintenance and ADA ramp.
Cadence dba Broadbell LLC for Sprouts	
Farmers Market	Intersection and signalized intersection.

General Fund - Expenditures

In 2006 the City adopted an outcome based budgeting philosophy. City Council and Staff outlined five outcomes to reflect, more appropriately, the desired result of the services delivered to the citizens of Englewood. The five outcomes identified are intended to depict Englewood as:

- ▶ A City that provides and maintains quality infrastructure,
- ▶ A safe, clean, healthy, and attractive City,
- ▶ A progressive City that provides responsive and cost efficient services,
- ▶ A City that is business friendly and economically diverse, and
- ▶ A City that provides diverse cultural, recreational, and entertainment opportunities.

Outcome based budgeting is an additional tool the City Council and staff use to better develop ways to serve our citizens. This type of budgeting is refined and reviewed on an on-going basis to help us better focus our resources in meeting the objectives of our citizens.

The City budgeted total expenditures at \$42,126,719 for 2014, this compares to \$40,129,474 (estimated) and \$40,265,587 expended in 2013 and 2012 respectively. Budgeted expenditures for 2014 general government (City Manager, Human Resources, etc.) totals \$7,812,457 or 18.5 percent of the total. Direct government expenditures (Police, Fire, etc.) are budgeted at \$32,305,442 or 76.7 percent of the total. Debt service (fixed costs) payments are \$2,008,820 or 4.8 percent of the total. Total expenditures through January were \$2,832,646 compared to \$1,908,339 in 2013 and \$1,938,536 in 2012. January 2014 expenditures are higher than previous years' due to having three payrolls in the month. The expenditure estimate for the year is \$42,126,719.

The chart below illustrates the breakdown of expenditures into debt service, general and direct government services.

Based on the past five years, the following graph depicts the debt service payments cash outflow. The majority of debt service payments are typically made in May and November each year.

The schedule on the next page provides the expenditure for each of the General Fund departments for the years 2008 through 2014 Budget.

General Fund - Transfers

The General Fund has provided funds to and has received funds from Special Revenue Funds, Capital Projects Funds, and Internal Service Funds in order to buffer temporary gaps in revenue and expenditure amounts. In 2013 the General Fund is not in the position to provide funding to the Capital Projects Funds but has received the following net transfers:

Source of Funds	2014 Budget Amount	2013 YTD Net Amount	2013 Net Annual Amount
Special Revenue Funds			
Neighborhood Stabilization Program Fund	\$ -	\$ -	\$ (73,006)

General Fund - Fund Balance

The City designates the fund balance into two categories, restricted and unrestricted. The portion of the fund balance which is restricted is referred to as the “Reserves” while the unrestricted portion is referred to as the unassigned fund balance. The unassigned fund balance represents funds the City sets aside for a “rainy day”. Another way to view these unrestricted funds is as a stabilization fund, the intent of which is to smooth over unexpected fluctuations in revenues and expenditures. The fund balance is normally built up when revenues exceed expenditures. In the past, excess funds have been transferred out, usually for capital projects identified in the Multiple Year Capital Plan (MYCP). The estimated unassigned fund balance is not adequate to provide for a transfer from the General Fund to the capital projects funds.

Long Term Asset Reserve (LTAR) At the 2008 Budget workshop, City Council discussed and directed staff to establish a General Fund reserve account to accumulate funds from the sale, lease, or earnings from long-term assets. It was also determined that these funds should be used in a careful, judicious and strategic manner. The funds restricted in this account are to be expended if the funds are appropriated in the annual budget or by supplemental appropriation. The balance at the end of December 2013 is \$2,619,375.

COPS Grant Reserve There was \$298,512 originally reserved to pay the City’s required portion of the COPS Grant. The funds originated in the LTAR. In 2013, \$219,760 will be drawn down and the remaining \$78,753 will be drawn down in 2014. The COPS Grant has funded the Impact Team which is included in the 2014 Budget.

General Fund - Fund Balance

Unassigned Fund Balance As A Percentage of Revenue

The City's General Fund ended 2013 with total reserves of \$10,906,537, and an unassigned fund balance of \$7,008,409 or 17.2 percent of revenues (17.5 percent of expenditures). The budgeted total reserves for 2014 are \$7,518,687 with an unassigned fund balance of \$3,699,312 or 9.3 percent of budgeted revenues or 8.8 percent of budgeted expenditures. Estimated total reserves for 2014 are \$9,698,750 with an unassigned fund balance of \$5,879,375 or 14.8 percent of estimated revenues and 13.9 percent of projected expenditures. The \$5,879,375 would allow the City to operate for approximately 51 days (using average daily estimated expenditures) if all other revenues and financing sources ceased. In these times of economic uncertainty, it is more important than ever to maintain reserves to help the City make up for revenue shortfalls and unexpected expenditure increases given that the one-time transfers made to the General Fund to help maintain reserves are no longer available.

PUBLIC IMPROVEMENT FUND OVERVIEW

The Public Improvement Fund (PIF) accounts for the City's "public-use" capital projects (e.g. roads, bridges, pavement, etc.). The PIF funding is from the collection of vehicle and building use taxes, intergovernmental revenues, interest income, and other miscellaneous sources.

Provided for your information is a table on the next page that illustrates the PIF Year-To-Date (YTD) revenues and expenditures for the years 2011 through 2013. The dollar and percentage change between each year is also provided. The Estimated Ending Fund Balance is included in order to account for the remaining PIF appropriation in addition to the remaining annual revenue anticipated for the fund.

Vehicle Use Tax is based on the valuation of new vehicles purchased by City of Englewood residents. This tax is collected and remitted by Arapahoe County at the time the vehicle is registered. **Building Use Tax** is based on the valuation of building permits issued by the City of Englewood. These revenue sources are monitored periodically to determine the revision of the 2013 Estimate. **Arapahoe County Road and Bridge Tax** is restricted to the construction and maintenance of streets and bridges. This tax is based on a mill levy established by Arapahoe County multiplied by the City's assessed valuation multiplied by 50%.

CLOSING

The Finance and Administrative Services Department staff works closely with the City Manager's Office and the various departments to help identify revenue and expenditure threats, trends and opportunities as well as strategies to balance revenues and expenditures. I will continue to provide Council with monthly reports. It is important to frequently monitor the financial condition of the City so City staff and Council can work together to take action, if necessary, to maintain service levels, employees, and fiscal health of the City.

I plan to discuss this report with Council at an upcoming study session. If you have any questions regarding this report, I can be reached at **303.762.2401**.

FUNDS GLOSSARY

Capital Equipment Replacement Fund (CERF) – Accounts for the accumulation of funds for the scheduled replacement of City-owned equipment and vehicles.

Capital Projects Funds account for financial resources to be used for the acquisition and/or construction of major capital facilities (other than those financed by proprietary funds).

FUNDS GLOSSARY

Central Services Fund – Accounts for the financing of printing services and for maintaining an inventory of frequently used or essential office supplies provided by Central Services to other departments of the City on a cost reimbursement basis.

Community Development Fund – Accounts for the **art** Shuttle Program which is funded in part by the Regional Transportation District (RTD). **art** provides riders free transportation to 19 stops connecting CityCenter Englewood, businesses in downtown Englewood, and the medical facilities in and near Craig Hospital and Swedish Medical Center.

Concrete Utility Fund – Accounts for revenues and expenses associated with maintaining the City's sidewalks, curbs and gutters.

Conservation Trust Fund – Accounts for the acquisition of parks and open space land not previously owned by the City and for improvements to existing park and recreation facilities. Financing is provided primarily from State Lottery funds.

Debt Service Funds account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond and loan principal and interest from special assessment levies when the government is obligated in some manner for payment.

Donors' Fund – Accounts for funds donated to the City for various specified activities.

Employee Benefits Fund – Accounts for the administration of providing City employee benefit programs: medical, dental, life, and disability insurance.

Enterprise Funds account for operations that: (a) are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the City Council has decided that periodic determination of revenue earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management controls, accountability or other purposes.

Fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

General Obligation Bond Fund – Accounts for the accumulation of monies for payment of General Obligation Bond principal and interest.

Golf Course Fund – Accounts for revenues and expenses associated with the operations of the Englewood Municipal Golf Course.

Governmental Funds distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). These funds focus on the near-term *inflows and outflows of spendable resources*, as well as on balances of spendable resources available at the end of the year.

Housing Rehabilitation Fund – Accounts for revenues and expenses associated with the City's housing rehabilitation program.

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis.

MOA – Museum of Outdoor Arts

Malley Center Trust Fund – Accounts for a trust established by Elsie Malley to be used for the benefit of the Malley Senior Recreation Center.

Multi-Year Capital Projects Fund (MYCP) - Accounts for the acquisition and/or construction of major capital improvements and facilities. Financing is provided primarily with transfers from other City Funds.

Neighborhood Stabilization Program Fund – Accounts for the federal grant awarded to acquire, rehabilitate and resale approximately eleven foreclosed residential properties located in the City.

FUNDS GLOSSARY

Open Space Fund – Accounts for the acquisition of parks and open space land not previously owned by the City and for improvements to existing park and recreation facilities. Financing is provided from the Arapahoe County Open Space Sales Tax of .25%. The Open Space Tax was created on January 1, 2004 and expires on December 31, 2023.

Parks and Recreation Trust Fund – Accounts for a trust established by the City, financed primarily by donations, to be used exclusively for specific park and recreation projects.

Proprietary Funds account for operations that are financed and operated in a manner similar to private business enterprises. It is the intent that the cost of providing such goods or services will be recovered through user charges.

Public Improvement Fund (PIF) – Accounts for the acquisition and/or construction of major capital improvements and facilities. Financing is provided primarily from building and vehicle use taxes.

Risk Management Fund – Accounts for the administration of maintaining property and liability and workers' compensation insurance.

ServiCenter Fund – Accounts for the financing of automotive repairs and services provided by the ServiCenter to other departments of the City, or to other governmental units, on a cost reimbursement basis.

Sewer Fund – Accounts for revenues and expenses associated with providing wastewater services to the City of Englewood residents and some county residents.

Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

Storm Drainage Fund – Accounts for revenues and expenses associated with maintaining the City's storm drainage system.

Water Fund – Accounts for revenues and expenses associated with providing water services to City of Englewood residents.
