# City of Englewood, Colorado

## August 2014 Financial Report

The annual budget serves as the foundation for the City’s financial planning and control, and provides a comprehensive plan to provide high quality services to the Englewood community. Based upon conservative revenue estimates, the budget quantifies in dollars the many services and amenities the citizens of Englewood receive. The City has prepared a balanced budget and it is one where revenues plus beginning fund balance are equal to or exceed expenditures.

The financial report provides on a periodic basis the review of the actual revenues and expenditures as compared to the budget. This point in time analysis compares the current year to the prior year and determines if the revenues and expenditures are on track with the budget. By monitoring the financial condition of the City, City staff and Council can work together to take action, if necessary, to maintain service levels, employees, and fiscal health of the City.

### GENERAL FUND OVERVIEW AND ANALYSIS

The General Fund accounts for the major “governmental” activities of the City. These activities include “direct” services to the public such as police, fire, public works, parks and recreation, and library services. General government also provides administrative and oversight services through the offices of city manager and city attorney; the departments of information technology, finance and administrative services, community development, human resources, municipal court and legislation. Debt service, lease payments, and other contractual payments are also commitments of the General Fund.

#### General Fund - Surplus and Deficit

The graph below depicts the history of sources and uses of funds from 2009 to 2014 Budget. As illustrated, both surpluses and deficits have occurred in the past. The gap has narrowed over the past few years by reducing expenditures, freezing positions, negotiating lower-cost health benefits, increased revenue collections. Continued efforts will be required to balance revenues and expenditures, especially with persistent upward pressure on expenditures due to increases in the cost of energy, wages and benefits.

The table on the next page summarizes General Fund Year-To-Date (YTD) Revenue, Expenditure, Sales & Use Tax Revenue and Outside City Sales & Use Tax Revenue for the month ended August, 2014. Comparative figures for years 2013 and 2012 are presented as well. The table also highlights the dollar and percentage changes between those periods.

### General Fund Revenues

The City of Englewood's total budgeted revenue is \$39,670,112. Total revenue collected through August 2014 was \$29,264,384 or \$898,882 (3.2 percent) more than was collected in 2013. The chart below illustrates changes in General Fund revenues this year as compared to last year.

**2014 Year-To-Date Change in General Fund Revenue as Compared to Prior Year**

### General Fund - Taxes

The General Fund obtains most of its revenue from taxes. In 2013 total revenues were \$40,901,819 of which \$29,909,808 (73.1 percent) came from tax collections. Taxes include property, sales and use, specific ownership, cigarette, utilities, franchise fees, and hotel/motel. The pie charts on the next page illustrate the contribution of taxes to total revenue for 2009, 2013 and 2014 Budget. Taxes as a percentage of total revenue have declined slightly as other fees and charges have been increased to help offset rising costs and relatively flat tax revenues.

## General Fund Revenues - Taxes vs. Other

**Property taxes:** These taxes are collected based on the assessed value of all the properties in the City and the mill levy assessed against the property. The City's total 2012 mill levy collected in 2013 is 8.124 mills. The 2013 mill levy for general operations collected in 2014 is 5.880 mills. Voters approved a separate, dedicated mill levy for principal and interest payments on the City's general obligation debt for the construction of parks and recreation projects. The dedicated general obligation debt mill levy is accounted for in the Debt Service Fund. The dedicated general obligation debt mill levy dedicated for the City's general obligation debt collected in 2012 is 2.244 mills. Property tax collections declined from \$2,971,303 in 2009 to \$2,900,715 in 2013. This was a decrease of \$70,588 or 2.4 percent. In 2013 the City collected \$2,900,715 or 9.7 percent of 2013 total taxes and 7.1 percent of total revenues from property taxes. The City budgeted \$2,898,000 for 2014; and collected \$2,844,065 August 2014. The estimate for the year is \$2,900,000.

Property Tax Mill Levy	2009	2010	2011	2012	2013	2014 Budget	2014 Estimate
General Fund	5.880	5.880	5.880	5.880	5.880	5.880	5.880
Debt Service Fund	1.947	2.031	2.130	1.741	1.914	2.244	2.244
Total Mill Levy	7.827	7.911	8.010	7.621	7.794	8.124	8.124

**Specific ownership:** These taxes are based on the age and type of motor vehicles, wheeled trailers, semi-trailers, etc. These taxes are collected by the County Treasurer and remitted to the City on the fifteenth day of the following month. The City collected \$276,414 in 2009 and \$266,881 in 2013 which is a decrease of \$9,533 or 3.5 percent. The City collected \$266,881 in 2013 which is less than one percent of total revenues and total taxes. The City budgeted \$230,000 for 2014 and collected \$167,954 through August 2014. The estimate for the year is \$260,000.

**Cigarette Taxes:** The State of Colorado levies a \$.20 per pack tax on cigarettes. The State distributes 46 percent of the gross tax to cities and towns based on the pro rata share of state sales tax collections in the previous year. These taxes have fallen

significantly in the past and continue to fall after the 2009 federal tax increase of approximately \$.62 per pack went into effect. This federal tax increase will fund the State Children’s Health Insurance Program (SCHIP). In 2009 the City collected \$218,449, but in 2013 the City collected \$195,088, which is a decrease of \$23,361 or 10.7 percent. These taxes accounted for less than one percent of total taxes and less than one percent of total revenues in 2013. The City budgeted \$179,000 for the year and collected \$122,656 through August 2014, which is \$2,403 or 1.9 percent less than the \$125,059 collected through August 2014. The estimate for the year is \$179,000.

**Franchise Fees:** The City collects a number of taxes on various utilities. This includes franchise tax on water, sewer, and public services, as well as occupational tax on telephone services. The City collected \$2,452,611 in 2009 and \$3,101,310 in 2013, an increase of

\$648,699 or 26.5 percent. These taxes accounted for 10.5 percent of taxes and 7.6 percent of total revenues in 2013. The City budgeted \$3,069,500 for the year; collections through August totaled \$1,857,715 compared to \$1,896,061 collected during the same period last year. The estimate for the year is \$3,014,500.

**Hotel/Motel Tax:** This tax is levied at two percent of the rental fee or price of lodging for under 30 days duration. The City budgeted \$10,000 for the year and has collected \$7,989 through August 2014. The estimate for the year is \$11,000.

### Sales and Use Taxes Analysis

Sales and use taxes are the most important (and volatile) revenue sources for the City. Sales and use taxes generated 78.4 percent of all taxes and 57.4 percent of total revenues collected in 2013. In 2009, this tax generated \$20,624,659 for the City of Englewood; in 2013 the City collected \$23,433,775, an increase of \$2,809,116 (13.6 percent). This tax is levied on the sale price of taxable goods. Sales tax is calculated by multiplying the sales price of taxable goods times the sales tax rate of 3.5 percent. Vendors no longer receive a fee for collecting and remitting their sales/use taxes. Taxes for the current month are due to the City by the twentieth day of the following month. The City budgeted \$22,883,003 for 2014. Sales and Use Tax revenue (cash basis) through August 2014 was \$16,637,386 while sales tax collected year-to-date for August 2013 was \$15,524,661, an increase of \$1,112,725 or 7.2 percent.

*In 2013, the City partnered with MUNIREvs to provide the City's business licensing and tax collection system. The system more accurately reports the sales versus use tax collections. In the former system, if an account was coded as a sales tax account, both sales and use tax remitted by the account was reported as sales tax. This was also the case with an account coded as use tax, both use and sales tax remitted by the account was reported as use tax. In total the amount of sales and use tax collections is the same, the allocation between sales and use has changed. This month we have restated 2013 to match the restated 2014 reporting. The revised Sales and Use Tax Collections Year-To-Date Comparison (Cash Basis) report is located on page 22.*

Collections (cash basis) for August 2014 were \$1,875,010 while collections for August 2013 and August 2012 were 1,786,010 and \$1,576,884 respectively. August 2014 collections were five percent or \$88,929 more than August 2013 collections and \$298,126 or 18.9 percent more than August 2012 collections.

Based on the last five years of sales tax collection data, collections through August contribute 68.7 percent of total year's sales tax collections; if this pattern holds this year, 31.3 percent is left to collect over the remainder of the year. Based on year-to-date collections, the City will collect an additional \$7,575,088 over the remainder of the year for a total of \$24,212,474. Collections through August 2014 were 106.7 percent of last August's collections. If this were applied to the entire year, the total collected would be \$25,018,278. The average of the two forecasts is \$24,615,376; the estimate for the year is (conservatively) \$23,900,000 and could be adjusted up or down again depending on future collections.

This revenue source tends to ebb and flow (often dramatically) with the economy, growing during economic expansions and contracting during downturns. The past three years of sales tax collections have been exceptionally erratic making it extremely difficult to make accurate short or long term forecasts. It is important to continually review and analyze sales and use tax data including trends in the various geographic areas of the City.

The chart on the next page, "Change in Sales/Use Tax Collections by Area 2014 vs. 2013," provides for the month the annual sales and use tax increases and decreases in the various geographic areas. Economic conditions, judged by sales and use tax collections, appears to be a "mixed bag" with some geographic areas increasing and some decreasing compared to the same period last year.

## Change in Sales/Use Tax Collections by Area 2014 vs 2013

Please note that the geographic map of the sales tax areas was changed within the first quarter of 2012, and hopefully makes more sense. Some of the areas will look skewed until more comparable data is available in 2013. EURA Areas 9 & 10 and EURA Areas 11 & 12 were incorporated into Areas 1, 2 and 6. Specific changes include:

- Area 1 east boundary will change at Bannock St/Englewood Pkwy east to Acoma St south to Jefferson Ave/Hampden Ave/US 285
- Split the address down the middle of the streets for Area 2 and Area 3: Bannock St and Sherman St
- Split the address down the middle of the streets for Area 3 and Area 4: Belleview Ave, Fox St and Logan St
- The north and south side of the street included in Area 1: Jefferson Avenue
- The north and south side of the street included in Area 2: Jefferson Ave/Hampden Ave/US 285

The bar graph below shows a comparison of monthly sales tax collections (cash basis) for 2009 through 2014.

### 2009-2014 YTD Sales/Use Tax Collections by Month - Cash Basis

The next chart illustrates sales tax collections (cash basis) by month and cumulative for the years presented. For the period presented, the bar graph depicts the change in collections for a month as compared to the prior year, while the cumulative line graph is based on the beginning period monthly change in sales and use tax collections as adjusted by each consecutive month change.

**2009 - 2014 Monthly Change Sales and Use Tax Receipts**

Sales tax collections are reported by various geographic areas as illustrated in the following pie charts. These illustrate the changing collection patterns for 2009 and 2013.

**Geographic Sales Tax Collection Areas**

A brief description and analysis of the significant geographic areas follows:

**Area 1:** This geographic area accounts for the sales tax collections from CityCenter Englewood. CityCenter Englewood had collections of \$2,305,354 year-to-date or 4.2 percent more than was collected during the same period last year.

**Area 5:** This area includes the remodeled King Soopers. Year to date collections for August were \$551,579 are 97.7 percent higher than last year. Collections this year are well ahead of collections in any year in the past five years.

**Area 6:** This geographic area is up 11.6 percent from last year.

**Area 7:** This geographic area records the outside city sales tax collections (Outside City). Outside City has been the geographic area responsible for much of the sales tax growth (and decline) in past years. Outside City collections have increased 9.4 percent from the same period last year. The chart below illustrates this area’s contribution to total sales and use taxes (cash basis) as well as total revenues since 2009 for collections through the month of December. The importance of Outside City has declined as a percentage of sales and use tax collections but it continues to remain an important impact on the City’s General Fund as illustrated by the following:

	<u>2010</u>	<u>2011</u>	<u>2012</u>	<u>2013</u>	<u>2014</u>
Total Sales and Use Taxes	14,045,587	15,569,443	15,310,529	15,583,678	16,637,386
Outside City Collections	4,415,652	5,800,128	5,228,301	5,167,512	5,096,283
<b>Percentage of Total</b>	<b>31.4%</b>	<b>37.3%</b>	<b>34.1%</b>	<b>33.2%</b>	<b>30.6%</b>
Total General Fund Revenues	25,692,390	26,928,759	27,903,402	28,365,502	29,264,384
Outside City Collections	4,415,652	5,800,128	5,228,301	5,167,512	5,096,283
<b>Percentage of Revenues</b>	<b>17.2%</b>	<b>21.5%</b>	<b>18.7%</b>	<b>18.2%</b>	<b>17.4%</b>

The City records the proceeds of some returns from Outside City into an unearned revenue (liability) account. The criteria staff uses to decide if proceeds should be placed in the unearned account is if a reasonable probability exists for another municipality to claim the revenue. This account currently has a balance of \$1,150,000 to cover intercity claims. The City paid \$76,620 in refunds including intercity sales/use tax claims through August 2014 compared to \$13,248 through August 2013. At this time *potential* refunds total approximately \$1,500,000 for claims submitted to Englewood but not completed.

**Area 8:** This geographic area consists of collections from public utilities. Collections through August were 4.8 percent higher than last year. Weather conditions, energy usage conservation, and rising energy prices play an important role in revenue collections. Collections could increase or decrease if the remainder of the year is significantly hotter/colder than normal.

**Area 13:** This geographic area encompasses the Kent Place Development. Collections through August were \$202,449 compared to \$147,511 last year. It is difficult to make comparison between 2014 and 2013 as not all the vendors were in operation in 2013.

### **Other Sales Tax Related Information**

Finance and Administrative Services Department collected \$160,004 in sales and use tax audit revenues and general collections of balances on account through the month of August 2014, this compares to \$97,700 collected in 2013 and \$101,143 collected in 2012.

Of the 65 sales tax accounts reviewed in the various geographic areas, 43 (66 percent) showed improved collections and 22 (34 percent) showed reduced collections this year compared to the same period last year.

The Department issued 280 new sales tax licenses through August 2014; 270 and 295 were issued through August 2013 and 2012 respectively.

City records indicate that year-to-date 134 businesses closed (91 were outside the physical limits of Englewood) and 280 opened (194 of them were outside the physical limits of Englewood).

### **General Fund - Other Revenue**

Other revenues (including McLellan rent) accounted for \$10,992,012 or 26.9 percent of the total revenues for 2013. The City budgeted \$10,400,609 for 2014.

Total collected year-to-date was \$929,521 or \$23,408 (2.6 percent) more than the \$906,113 collected in the same time period last year. The estimate for the year is \$1,396,844.

**Interest:** This is the amount earned on the City's cash investments. The 2014 budget for this source is \$8,164. This revenue source totaled \$230,000 in 2009 and decreased to a loss of \$10,233 in 2013, a 104.4 percent decrease. The City earned \$63,778 through August 2014; while the City earned \$2,099 through August 2013. The estimate for the year is 88,164.

**Other:** This source includes all revenues that do not fit in another revenue category. The 2014 budget for this source is \$320,050. This revenue source totaled \$635,982 in 2009 and decreased to \$285,931 in 2013, a 55 percent decrease. Total collected year-to-date is \$121,211 (42.9 percent) less than the \$212,432 collected last year during the same period. The estimate for the year is \$165,000.

**General Fund - Expenditures**

In 2006 the City adopted an outcome based budgeting philosophy. City Council and Staff outlined five outcomes to reflect, more appropriately, the desired result of the services delivered to the citizens of Englewood. The five outcomes identified are intended to depict Englewood as:

- ▶ A City that provides and maintains quality infrastructure,
- ▶ A safe, clean, healthy, and attractive City,
- ▶ A progressive City that provides responsive and cost efficient services,
- ▶ A City that is business friendly and economically diverse, and
- ▶ A City that provides diverse cultural, recreational, and entertainment opportunities.

Outcome based budgeting is an additional tool the City Council and staff use to better develop ways to serve our citizens. This type of budgeting is refined and reviewed on an on-going basis to help us better focus our resources in meeting the objectives of our citizens.

The City budgeted total expenditures at \$42,126,719 for 2014, this compares to \$40,125,364 and \$40,265,587 expended in 2013 and 2012 respectively. Budgeted expenditures for 2014 general government (City Manager, Human Resources, etc.) totals \$7,812,457 or 18.5 percent of the total. Direct government expenditures (Police, Fire, etc.) are budgeted at \$32,305,442 or 76.7 percent of the total. Debt service (fixed costs) payments are \$2,008,820 or 4.8 percent of the total. Total expenditures through August were \$27,596,408 compared to \$27,188,546 in 2013 and \$27,422,059 in 2012. The expenditure estimate for the year is \$42,333,088.

The chart below illustrates the breakdown of expenditures into debt service, general and direct government services.

For illustrative purposes and based on a five year period (2008-2012), the following graph depicts the debt service payments cash outflow. The majority of debt service payments are typically made twice a year.

The schedule on the next page provides the expenditure for each of the General Fund departments for the years 2009 through 2014 Budget.

**General Fund - Transfers**

The General Fund has provided funds to and has received funds from Special Revenue Funds, Capital Projects Funds, and Internal Service Funds in order to buffer temporary gaps in revenue and expenditure amounts. The General Fund received the following net transfers; Council determined not to make the additional transfer from the PIF in 2014.

**General Fund - Fund Balance**

The City designates the fund balance into two categories, restricted and unrestricted. The portion of the fund balance which is restricted is referred to as the “Reserves” while the unrestricted portion is referred to as the unassigned fund balance. The unassigned fund balance represents funds the City sets aside for a “rainy day”. Another way to view these unrestricted funds is as a stabilization fund, the intent of which is to smooth over unexpected fluctuations in revenues and expenditures. The fund balance is normally built up when revenues exceed expenditures. In the past, excess funds have been transferred out, usually for capital projects identified in the Multiple Year Capital Plan (MYCP). The estimated unassigned fund balance is not adequate to provide for a transfer from the General Fund to the capital projects funds.

**Long Term Asset Reserve (LTAR)** At the 2008 Budget workshop, City Council discussed and directed staff to establish a General Fund reserve account to accumulate funds from the sale, lease, or earnings from long-term assets. It was also determined that these funds should be used in a careful, judicious and strategic manner. The funds restricted in this account are to be expended if the funds are appropriated in the annual budget or by supplemental appropriation. The balance at the end of December 2013 was \$2,619,375. Unused funds from the LTAR financed Little Dry Creek Fountain Project in the amount of \$43,274 were deposited into the LTAR account. The current LTAR balance is \$2,663,099.

**COPS Grant Reserve** There was \$298,512 originally reserved to pay the City’s required portion of the COPS Grant. The funds originated in the LTAR. In 2013, \$219,760 was drawn down and the remaining \$78,753 was drawn down earlier in 2014 so there is no estimated ending COPS Grant Reserve for 2014. The COPS Grant funded the Impact Team which is included in the 2014 Budget.

### General Fund - Fund Balance

### Unassigned Fund Balance As A Percentage of Revenue

The City's General Fund ended 2013 with total reserves of \$10,913,833, and an unassigned fund balance of \$6,875,705 or 16.8 percent of revenues (17.1 percent of expenditures). The budgeted total reserves for 2014 are \$7,518,687 with an unassigned fund balance of \$3,699,312 or 9.3 percent of budgeted revenues or 8.8 percent of budgeted expenditures. Estimated total reserves for 2014 are \$10,221,986 with an unassigned fund balance of \$6,218,887 or 15.3 percent of estimated revenues and 15.1 percent of projected expenditures. The \$6,218,887 would allow the City to operate for approximately 54 days (using average daily projected expenditures) if all other revenues and financing sources ceased. In these times of economic uncertainty, it is more important than ever to maintain reserves to help the City make up for revenue shortfalls and unexpected expenditure increases given that the one-time transfers made to the General Fund to help maintain reserves are no longer available.

### PUBLIC IMPROVEMENT FUND OVERVIEW

The Public Improvement Fund (PIF) accounts for the City's "public-use" capital projects (e.g. roads, bridges, pavement, etc.). The PIF funding is from the collection of vehicle and building use taxes, intergovernmental revenues, interest income, and other miscellaneous sources.

The table on the next page illustrates the PIF Year-To-Date (YTD) revenues and expenditures for the years 2011 through 2013. The dollar and percentage change between each year is also provided. The Estimated Ending Fund Balance is included in order to account for the remaining PIF appropriation in addition to the remaining annual revenue anticipated for the fund.

**Vehicle Use Tax** is based on the valuation of new vehicles purchased by City of Englewood residents. This tax is collected and remitted by Arapahoe County at the time the vehicle is registered. **Building Use Tax** is based on the valuation of building permits issued by the City of Englewood. These revenue sources are monitored periodically to determine the revision of the annual estimate. **Arapahoe County Road and Bridge Tax** is restricted to the construction and maintenance of streets and bridges. This tax is based on a mill levy established by Arapahoe County multiplied by 50% of the City's assessed property valuation.

### **CLOSING**

The Finance and Administrative Services Department staff works closely with the City Manager's Office and the various departments to help identify revenue and expenditure threats, trends and opportunities as well as strategies to balance revenues and expenditures. I will continue to provide Council with monthly reports. It is important to frequently monitor the financial condition of the City so City staff and Council can work together to take action, if necessary, to maintain service levels, employees, and fiscal health of the City.

I plan to discuss this report with Council at an upcoming study session. If you have any questions regarding this report, I can be reached at **303.762.2401**.
