FROM: Thomas Vandermee, Chief of Police  
DATE: July 26, 2010  
SUBJECT: Incident Report 1008181 Filed by Doug Cohn

Attached to this memorandum is a copy of a police report that was filed by Doug Cohn on July 22, 2010.

Mr. Cohn reported to Police Desk Officer Chris French that he wanted to file a criminal complaint against the Englewood City Council for violating sections of the Tax Payer Bill of Rights (Tabor) and portions of the Englewood Municipal Charter.

Mr. Cohn explained that he had already attempted to file a criminal complaint through the 18<sup>th</sup> Judicial District attorney's Office but they declined to take the complaint and instead referred him to the Englewood Police Department.

I do not believe that the investigation or enforcement of either of these accusations is within the jurisdiction or authority of the Englewood Police Department.

<p>The RP (Doug Cohn) explained that he had already brought his concerns to the D.A.'s Office, but that they had instructed him to make this report with his local police department.</p> <p>The RP reported that at the City Counsel meeting on 06/21/10, two different violations occurred when the City Council members approved a contract with a company called Ameresco (which is apparently going to supply solar electric collection equipment to the City, in exchange for the City buying-back the electricity). Specifically, the RP explained that:</p> <ul style="list-style-type: none"> <li>* The Tabor Amendment has clear limitations on multi-year contracts, but the City approved the Ameresco contract, which has a 20-year duration.</li> <li>* City Charter Paragraph 113 was violated, because it requires 3 bids to be made -- and to the best of the RP's knowledge, there was only one (by Ameresco).</li> </ul>

#### PA-85 (RTD site)

RTD has paid the final billing in the amount of \$591,836.86. Finance has deposited this money in the LTAR fund.

### AIR QUALITY/ENERGY SAVING PROJECTS

#### Flex Fuel Program

Currently, thirty-three of our fleet vehicles are running on E-85 ethanol fuel. All new replacement vehicles (less than ¾ ton) will be compatible with E-85. Approximately 50 Flex Fuel vehicles will be in our fleet within two years. Currently, the cost of E-85 fuel is approx. \$0.96 per gallon less than regular unleaded gasoline. Thirteen of our fleet vehicles run on Compressed Natural Gas (CNG).

#### Diesel Retrofit

Retrofitting of our diesel powered vehicles is complete. Englewood is one of three municipalities in Colorado to meet the 2007 emissions standards for off-road vehicles.

#### Hybrid Vehicle Purchase

Delivery of two 2010 GMC Hybrid Sierra Pickups is expected in July and will be utilized within the Englewood Utilities Department.

#### “Green” Programs

We continue to work with our vendors to expand the Green product line as it becomes available. 90% of our custodial paper supplies are from recycled sources.

#### Energy Saving Projects

In 2001, the Public Works Traffic Division began an ongoing program to convert traffic signals from incandescent lamps to Light-Emitting-Diode (LED) bulbs. To date, 80% of our City maintained signals have been converted. LED traffic signals use 90% less energy than incandescent lamps, last 5 times longer, and provide better visibility.
