City of Englewood, Colorado

May 2013 Financial Report

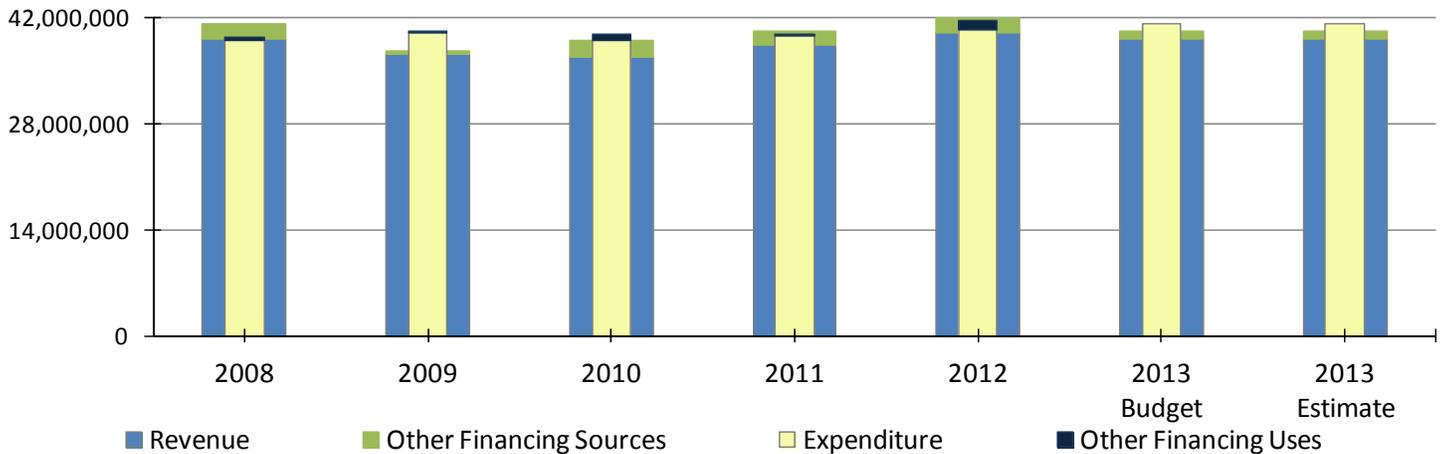

GENERAL FUND OVERVIEW AND ANALYSIS

The General Fund accounts for the major “governmental” activities of the City. These activities include “direct” services to the public such as police, fire, public works, parks and recreation, and library services. General government also provides administrative and oversight services through the offices of city manager and city attorney; the departments of information technology, finance and administrative services, community development, human resources, municipal court and legislation. Debt service, lease payments, and other contractual payments are also commitments of the General Fund.

General Fund - Surplus and Deficits

The graph below depicts the history of sources and uses of funds from 2008 to 2013 Estimate. As illustrated, both surpluses and deficits have occurred in the past. The gap has narrowed over the past few years by reducing expenditures, freezing positions, negotiating lower-cost health benefits, increased revenue collections. Continued efforts will be required to balance revenues and expenditures, especially with persistent upward pressure on expenditures due to increases in the cost of energy, wages and benefits.

General Fund: Total Sources and Uses of Funds

The table below summarizes General Fund Year-To-Date (YTD) Revenue, Expenditure, Sales & Use Tax Revenue and Outside City Sales & Use Tax Revenue for the month ended May, 2013. Comparative figures for years 2012 and 2011 are presented as well. The table also highlights the dollar and percentage changes between those periods.

General Fund Revenues

The City of Englewood’s total budgeted revenue is \$39,050,099. Total revenue collected through May 2013 was \$16,828,918 or \$331,835 (two percent) more than was collected in 2012. The chart below illustrates changes in General Fund revenues this year as compared to last year.

2013 Year-To-Date Change in General Fund Revenue as Compared to Prior Year

General Fund - Taxes

The General Fund obtains most of its revenue from taxes. In 2012 total audited revenues were \$39,889,799 of which \$28,612,628 (72 percent) came from tax collections. Taxes include property, sales and use, specific ownership, cigarette, utilities, franchise fees, and hotel/motel. The following pie charts illustrate the contribution of taxes to total revenue for 2008, 2012 unaudited and 2013 Budget. Taxes as a percentage of total revenue have declined slightly as other fees and charges have been increased to help offset rising costs and relatively flat tax revenues.

General Fund Revenues Taxes vs. Other

Property taxes: These taxes are collected based on the assessed value of all the properties in the City and the mill levy assessed against the property. The City's total 2012 mill levy collected in 2013 is 7.794 mills. The 2012 mill levy for general operations collected in 2013 is 5.880 mills. Voters approved a separate, dedicated mill levy for principal and interest payments on the City's general obligation debt for the construction of parks and recreation projects. The dedicated general obligation debt mill levy is accounted

for in the Debt Service Fund. The dedicated general obligation debt mill levy dedicated for the City's general obligation debt collected in 2012 is 1.914 mills. Property tax collections declined from \$2,995,990 in 2008 to \$2,874,816 in 2012. This was a decrease of \$121,174 or four percent. In 2012 the City collected \$2,874,816 or 10 percent of 2012 total taxes and 7.2 percent of total revenues from property taxes. The City budgeted \$2,898,000 for 2013; and collected \$1,702,139 through May 2013. The estimate for the year is \$2,898,000.

Property Tax Mill Levy	2008	2009	2010	2011	2012	2013 Budget	2013 Estimate
General Fund	5.880	5.880	5.880	5.880	5.880	5.880	5.880
Debt Service Fund	2.293	1.947	2.031	2.130	1.741	1.914	1.914
Total Mill Levy	8.173	7.827	7.911	8.010	7.621	7.794	7.794

Specific ownership: These taxes are based on the age and type of motor vehicles, wheeled trailers, semi-trailers, etc. These taxes are collected by the County Treasurer and remitted to the City on the fifteenth day of the following month. The City collected \$316,242 in 2008 and \$243,293 in 2012 which is a decrease of \$72,949 or 23.1 percent. The City collected \$243,293 in 2012 which is less than one percent of total revenues and total taxes. The City budgeted \$230,000 for 2013 and collected \$90,291 through May 2013. The estimate for the year is \$230,000.

Cigarette Taxes: The State of Colorado levies a \$.20 per pack tax on cigarettes. The State distributes 46 percent of the gross tax to cities and towns based on the pro rata share of state sales tax collections in the previous year. These taxes have fallen

significantly in the past and continue to fall after the 2009 federal tax increase of approximately \$.62 per pack went into effect. This federal tax increase will fund the State Children's Health Insurance Program (SCHIP). In 2008 the City collected \$261,743, but in 2012 the City collected \$189,618, which is a decrease of \$72,125 or 27.6 percent. These taxes accounted for less than one percent of total taxes and less than one percent of total revenues in 2012. The City budgeted \$184,000 for the year and collected \$77,472 through May 2013, which is \$4,708 or 6.5 percent more than the \$72,764 collected through May 2012. The estimate for the year is \$184,000.

Franchise Fees: The City collects a number of taxes on various utilities. This includes franchise tax on water, sewer, and public services, as well as occupational tax on telephone services. The City collected

\$2,588,214 in 2008 and \$2,930,888 in 2012, an increase of \$342,674 or 13.2 percent. These taxes accounted for 10.2 percent of taxes and 7.4 percent of total revenues in 2012. The City budgeted \$3,067,552 for the year; collections through May totaled \$1,082,085 compared to \$1,024,877 collected during the same period last year. The estimate for the year is \$3,067,552.

Hotel/Motel Tax: This tax is levied at two percent of the rental fee or price of lodging for under 30 days duration. The City budgeted \$9,000 for the year and has collected \$4,784 through May 2013. The estimate for the year is \$9,000.

Sales and Use Taxes Analysis

Sales and use taxes are the most important (and volatile) revenue sources for the City. Sales and use taxes generated 78.2 percent of all taxes and 56.4 percent of total revenues collected in 2012. In 2008, this tax generated \$22,617,767 for the City of Englewood; in 2012 the City collected \$22,363,618, a decrease of \$254,618 (1.1 percent). This tax is levied on the sale price of taxable goods. Sales tax is calculated by multiplying the sales price of taxable goods times the sales tax rate of 3.5 percent. Vendors no longer receive a fee for collecting and remitting their sales/use taxes. Taxes for the current month are due to the City by the twentieth day of the following month. The City budgeted \$22,336,277 for 2013. Sales and Use Tax revenue (cash basis) through May 2013 was \$9,753,631 while revenue year-to-date for May 2012 was \$9,826,665, a decrease of \$73,034 or .7 percent.

Collections (cash basis) for May 2013 were \$1,686,011 while collections for May 2012 and May 2011 were \$1,845,640 and \$1,823,798 respectively. May 2013 collections were 8.6 percent or \$159,629 less than May 2012 collections and \$137,787 or 7.5 percent less than May 2011 collections.

Based on the last five years of sales tax collection data, May contributes 44.2 percent of total year's sales tax collections; if this pattern holds this year, 55.8 percent is left to collect over the remainder of the year. Based on year-to-date collections, the City will collect an additional \$12,288,803 over the remainder of the year for a total of \$22,042,433. Collections through May were 99.2 percent of last May's collections. If this were applied to the entire year, the total collected would be \$22,184,906; the average of the two forecasts is \$22,113,669 (\$22,608 under the amount budgeted for the year).

Outside City sales and use tax collections through May totaled \$3,433,187 equaling a decrease of approximately \$20,085 from 2012 collections.

This revenue source tends to ebb and flow (often dramatically) with the economy, growing during economic expansions and contracting during downturns. The past three years of sales tax collections have been exceptionally erratic making it extremely difficult to make accurate short or long term forecasts. It is important to continually review and analyze sales and use tax data including trends in the various geographic areas of the City.

The next chart, “Change in Sales/Use Tax Collections by Area 2012 vs. 2011” provides for the month the annual sales and use tax increases and decreases in the various geographic areas. Economic conditions, judged by sales and use tax collections, appears to be a “mixed bag” with some geographic areas increasing and some decreasing compared to the same period last year.

Change in Sales/Use Tax Collections by Area 2013 vs 2012

Please note that the geographic map of the sales tax areas was changed in 2012, and hopefully makes more sense. Some of the areas will look skewed until more comparable data is available in 2013. EURA Areas 9 & 10 and EURA Areas 11 & 12 were incorporated into Areas 1, 2 and 6. Specific changes include:

- Area 1 east boundary will change at Bannock St/Englewood Pkwy east to Acoma St south to Jefferson Ave/Hampden Ave/US 285
- Split the address down the middle of the streets for Area 2 and Area 3: Bannock St and Sherman St
- Split the address down the middle of the streets for Area 3 and Area 4: Belleview Ave, Fox St and Logan St
- The north and south side of the street included in Area 1: Jefferson Avenue
- The north and south side of the street included in Area 2: Jefferson Ave/Hampden Ave/US 285

The bar graph below shows a comparison of monthly sales tax collections (cash basis) for 2008 through 2013.

2008-2013 YTD Sales/Use Tax Collections by Month - Cash Basis

The next chart illustrates sales tax collections (cash basis) by month and cumulative for the years presented. For the period presented, the bar graph depicts the change in collections for a month as compared to the prior year, while the cumulative line graph is based on the beginning period monthly change in sales and use tax collections as adjusted by each consecutive month change.

2008 - 2013 Monthly Change Sales and Use Tax Receipts

A brief description and analysis of the significant geographic areas follows:

Area 1: This geographic area accounts for the sales tax collections from CityCenter Englewood. CityCenter Englewood had collections of \$1,432,282 year-to-date or .3 percent less than was collected during the same period last year.

Area 4: This geographic area is unchanged from last year.

Area 6: This geographic area is down 2.5 percent from last year.

Area 7: This geographic area records the outside city sales tax collections (Outside City). Outside City has been the geographic area responsible for much of the sales tax growth (and decline) in past years. Outside City collections have decreased .6 percent from the same period last year. The chart below illustrates this area’s contribution to total sales and use taxes (cash basis) as well as total revenues since 2008 for collections through the month of May. The importance of Outside City has declined as a percentage of sales and use tax collections but it continues to remain an important impact on the City’s General Fund as illustrated by the following:

	2009	2010	2011	2012	2013
Total Sales and Use Taxes	9,302,483	8,930,365	9,958,195	9,826,665	9,753,631
Outside City Collections	3,131,376	2,892,953	3,847,534	3,453,272	3,433,187
Percentage of Total	33.7%	32.4%	38.6%	35.1%	35.2%
Total General Fund Revenues	15,813,198	15,358,387	16,065,792	16,497,083	16,828,918
Outside City Collections	3,131,376	2,892,953	3,847,534	3,453,272	3,433,187
Percentage of Revenues	19.8%	18.8%	23.9%	20.9%	20.4%

The City records the proceeds of some returns from Outside City into an unearned revenue (liability) account. The criteria staff uses to decide if proceeds should be placed in the unearned account is if a reasonable probability exists for another municipality to claim the revenue. This account currently has a balance of \$1,150,000 to cover intercity claims. The City paid \$9,955 in refunds including intercity sales/use tax claims through May 2013 compared to \$94,673 through May 2012. At this time *potential* refunds total approximately \$1,500,000 for claims submitted to Englewood but not completed.

Area 8: This geographic area consists of collections from public utilities. Collections through May were up \$1,969 or .3 percent over last year. Weather conditions, energy usage conservation, and rising energy prices play an important role in revenue collections. Collections could increase or decrease if the remainder of the year is significantly hotter/colder than normal.

Area 13: This geographic area encompasses the Kent Place Development. Collections through May were \$85,984. Since this is the first year the area has collected taxes there are no previous collection history to compare to. If the year-to-date average monthly collection were projected for the year, total collections for the year will be approximately \$206,362.

Other Sales Tax Related Information

Finance and Administrative Services Department collected \$37,844 in sales and use tax audit revenues and general collections of balances on account through the month of May 2013, this compares to \$87,104 collected in 2012 and \$121,099 collected in 2011.

Of the 60 sales tax accounts reviewed in the various geographic areas, 30 (50 percent) showed improved collections and 30 (50 percent) showed reduced collections this year compared to the same period last year.

The Department issued 167 new sales tax licenses through May 2013; 179 and 201 were issued through May 2012 and 2011 respectively.

City records indicate that year-to-date 47 businesses closed (27 were outside the physical limits of Englewood) and 167 opened (106 of them were outside the physical limits of Englewood).

General Fund - Expenditures

In 2006 the City adopted an outcome based budgeting philosophy. City Council and Staff outlined five outcomes to reflect, more appropriately, the desired result of the services delivered to the citizens of Englewood. The five outcomes identified are intended to depict Englewood as:

- ▶ A City that provides and maintains quality infrastructure,
- ▶ A safe, clean, healthy, and attractive City,
- ▶ A progressive City that provides responsive and cost efficient services,
- ▶ A City that is business friendly and economically diverse, and
- ▶ A City that provides diverse cultural, recreational, and entertainment opportunities.

Outcome based budgeting is an additional tool the City Council and staff use to better develop ways to serve our citizens. This type of budgeting is refined and reviewed on an on-going basis to help us better focus our resources in meeting the objectives of our citizens.

The City budgeted total expenditures at \$41,110,026 for 2013, this compares to \$40,265,587 and \$39,496,268 expended in 2012 and 2011 respectively. Budgeted expenditures for 2013 general government (City Manager, Human Resources, etc.) totals \$7,636,290 or 18.6 percent of the total. Direct government expenditures (Police, Fire, etc.) are budgeted at \$31,411,162 or 76.4 percent of the total. Debt service (fixed costs) payments are \$2,062,574 or five percent of the total. Total expenditures through May were \$16,781,472 compared to \$16,781,793 in 2012 and \$16,556,832 in 2011.

The chart below illustrates the breakdown of expenditures into debt service, general and direct government services.

General Fund - Transfers

The General Fund has provided funds to and has received funds from Special Revenue Funds, Capital Projects Funds, and Internal Service Funds in order to buffer temporary gaps in revenue and expenditure amounts. In 2013 the General Fund is not in the position to provide funding to the Capital Projects Funds but has received the following net transfers:

<u>Source of Funds</u>	<u>2013 Budget Amount</u>	<u>2013 YTD Net Amount</u>	<u>2012 Net Annual Amount</u>
Special Revenue Funds			
Neighborhood Stabilization Program Fund	\$ -	\$ -	\$ 202,396

Net Transfers In (Out) Total	<u>\$ 1,139,574</u>	<u>\$ 639,574</u>	<u>628,913</u>

In 2012 a transfer of funds originally from the Risk Management Fund to the General was transferred back to the Risk Management Fund from the General Fund in order to provide resources for current claims to be paid in the next several years. The liability reserve for the Risk Management Fund is calculated using the open claims report from CIRSA. The CIRSA Report provides an outstanding amount for each claim; the majority of the claims are well under \$150,000. The City is liable for all claims up to \$150,000 and CIRSA is responsible for amounts exceeding \$150,000 (deductible). The total estimated claims under \$150,000 make up the liability reserve. Because the liability reserve will be paid in the future, funds must be set aside to pay the claims. Accounting is only made aware of claim information and new liabilities when the CIRSA reports are received after the end of the year. It is extremely difficult to predict how many or how much each year's claims will be. The liability reserve is adjusted be from year-to-year as actual claim information is received.

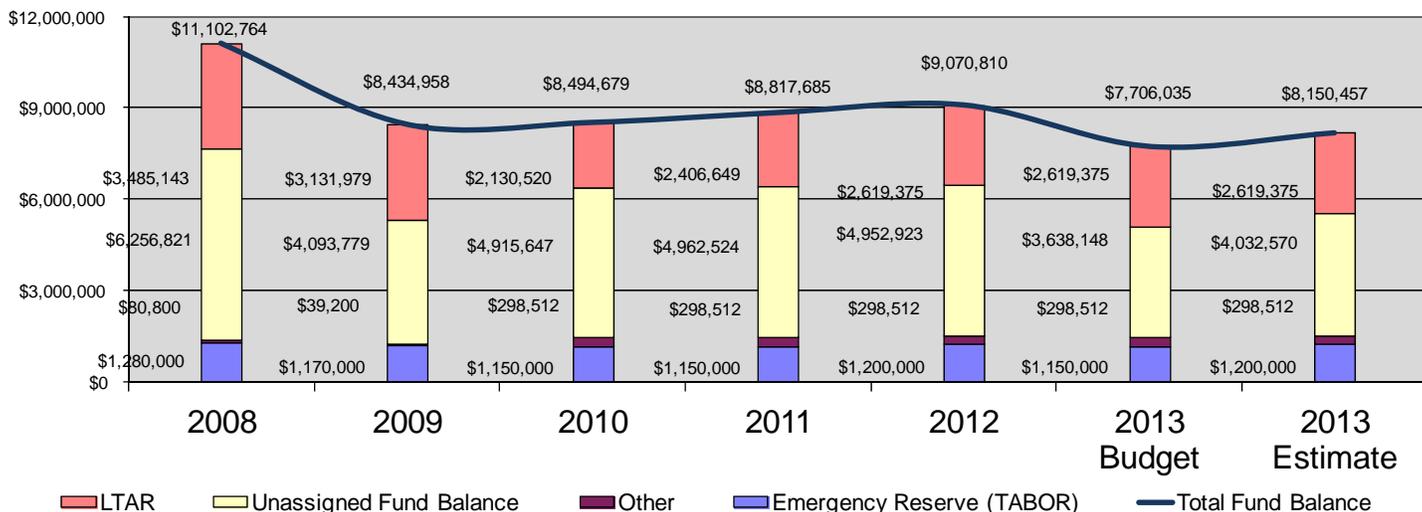

General Fund - Fund Balance

The City designates the fund balance into two categories, restricted and unrestricted. The portion of the fund balance which is restricted is referred to as the "Reserves" while the unrestricted portion is referred to as the unassigned fund balance. The unassigned fund balance represents funds the City sets aside for a "rainy day". Another way to view these unrestricted funds is as a stabilization fund, the intent of which is to smooth over unexpected fluctuations in revenues and expenditures. The fund balance is normally built up when revenues exceed expenditures. In the past, excess funds have been transferred out, usually for capital projects identified in the Multiple Year Capital Plan (MYCP). The estimated unassigned fund balance is not adequate to provide for a transfer from the General Fund to the capital projects funds.

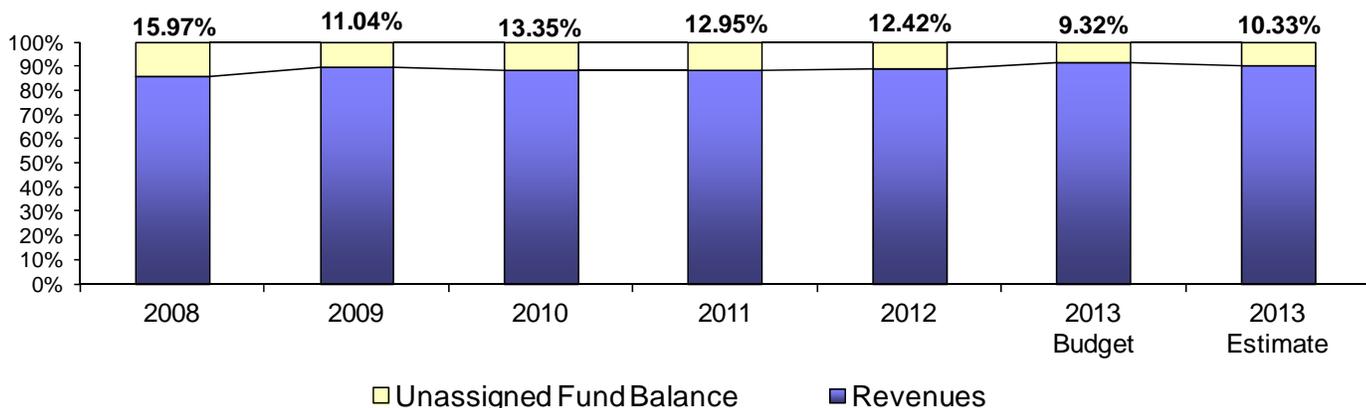

Long Term Asset Reserve (LTAR) At the 2008 Budget workshop, City Council discussed and directed staff to establish a General Fund reserve account to accumulate funds from the sale, lease, or earnings from long-term assets. It was also determined that these funds should be used in a careful, judicious and strategic manner. The funds restricted in this account are to be expended if the funds are appropriated in the annual budget or by supplemental appropriation. The balance at the end of May 2013 is \$2,619,375.

COPS Grant Reserve There is \$298,512 reserved to pay the City's required portion of the COPS Grant. The funds originated in the LTAR. This year, an estimated \$198,000 will be drawn down and the remaining \$100,512 will be drawn down in 2014. An additional \$131,488 will be needed to fund the program for all of 2014.

General Fund - Fund Balance

Unassigned Fund Balance As A Percentage of Revenue

The City's General Fund ended 2012 with total reserves of \$9,070,810, and an unassigned fund balance of \$4,952,923 or 12.42 percent of revenues or 12.3 percent of expenditures. The budgeted total reserves for 2013 are \$7,706,035 with an unassigned fund balance of \$3,588,887 or 9.2 percent of budgeted revenues or 8.7 percent of budgeted expenditures. Estimated total reserves for 2013 are \$8,150,457 with an unassigned fund balance of \$4,032,570 or 10.33 percent of budgeted revenues or 9.8 percent of budgeted expenditures. The \$4,032,570 would allow the City to operate for approximately 35.8 days (using average daily budgeted expenditures) if all other revenues and financing sources ceased. In these times of economic uncertainty, it is more important than ever to maintain reserves to help the City make up for revenue shortfalls and unexpected expenditure increases given that the one-time transfers made to the General Fund to help maintain reserves are no longer available.

PUBLIC IMPROVEMENT FUND OVERVIEW

The Public Improvement Fund (PIF) accounts for the City's "public-use" capital projects (e.g. roads, bridges, pavement, etc.). The PIF funding is from the collection of vehicle and building use taxes, intergovernmental revenues, interest income, and other miscellaneous sources.

Provided for your information is a table on the next page that illustrates the PIF Year-To-Date (YTD) revenues and expenditures for the years 2011 through 2013. The dollar and percentage change between each year is also provided. The Estimated Ending Fund Balance is included in order to account for the remaining PIF appropriation in addition to the remaining annual revenue anticipated for the fund.

Vehicle Use Tax is based on the valuation of new vehicles purchased by City of Englewood residents. This tax is collected and remitted by Arapahoe County at the time the vehicle is registered. **Building Use Tax** is based on the valuation of building permits issued by the City of Englewood. These revenue sources are monitored periodically to determine the revision of the 2013 Estimate. **Arapahoe County Road and Bridge Tax** is restricted to the construction and maintenance of streets and bridges. This tax is based on a mill levy established by Arapahoe County multiplied by the City's assessed valuation multiplied by 50%.

CLOSING

The Finance and Administrative Services Department staff works closely with the City Manager's Office and the various departments to help identify revenue and expenditure threats, trends and opportunities as well as strategies to balance revenues and expenditures. I will continue to provide Council with monthly reports. It is important to frequently monitor the financial condition of the City so City staff and Council can work together to take action, if necessary, to maintain service levels, employees, and fiscal health of the City.

I plan to discuss this report with Council at an upcoming study session. If you have any questions regarding this report, I can be reached at **303.762.2401**.
